OPEN FORUM

A resident spoke in the Open Forum on behalf of neighbouring properties in relation to planning application for 83 Primrose Hill. Concerns were raised regarding the proposed extension, including potential overlooking and loss of privacy, overshadowing, and the close proximity of the development to the neighbouring boundary (approximately 1 metre).

The resident also expressed concerns relating to highway safety, biodiversity impacts due to the disturbance of existing hedgerows and a mature apple tree, and ambiguity within the submitted application documents and supporting reports. Additional concerns were raised regarding drainage, noting that the current system is connected to a neighbouring property, for which they hold full responsibility. It was also highlighted that the property has already been significantly extended beyond its original footprint.

The resident advised they had previously contacted Forest of Dean District Council and Cllr H Ives but had received limited response.

Cllr Harris thanked the resident for their contribution and confirmed the comments would be considered when the committee considered the application. The resident was advised to contact Severn Trent directly regarding drainage matters and to liaise with Cllr Ives to request that the application be referred to the Forest of Dean District Council Planning Committee for determination rather than being dealt with under delegated powers. Cllr Harris also agreed to discuss the matter with Cllr McDermid.

12.	TOWNS COLUMNS/LAMPOSTS
	To receive an update from Glos County Council (GCC) regarding the towns columns/lampposts and agree any future actions. Cllr Saunders gave an update confirming that, following a meeting with members of Gloucestershire County Council (GCC), it was identified that existing columns/lampposts are not appropriate for the installation of pennants, which were being considered as part of a Town Centre grant scheme. Approval has now been granted by GCC for the installation of four new CCTV cameras. A request has also been made that Christmas lights are not installed on columns fitted with CCTV equipment. The council's Christmas lights contractor is liaising directly with GCC on these arrangements. No further action is required by the council at this stage.
13.	COUNCILLORS' REPORTS
13.1	To note Councillors' Reports on Planning/Highway matters Cllr S Hillier requested that consideration be given for the council to correspond with FoDDC to request they serve a S215 to the owners of properties of the old Co-op Building and a property on Church Road.
13.2	To consider whether any points raised require agenda scheduling: The response from S215 is to be added to the next meeting agenda for further discussion.
14.	DATE OF NEXT MEETING
	The next Committee meeting has been scheduled for Monday 11th May 2026 , starting time to be confirmed, at Council Chambers, Claremont House, High Street, Lydney.
